

NCB I - Bristol

“building bridges across difference”

Bristol’s Transformation and Change

Following the phenomenal success last July we again present Bristol’s NCBI community workshop. This one-day participatory workshop allows us to celebrate ourselves as people of Bristol whilst examining the issues that separate us. We will also start the bridge building process. Participants will have the opportunity to gain an understanding of each other’s experiences of differences and the meanings they bring to them. We offer tools enabling participants to recognise and to name unfair treatment and to develop more effective strategies for challenge.

Do you want to gain a better understanding of how to work with power and difference from a people based perspective?

The training will be valuable in the work environment, the community or for self-development.

Are you responsible for the management, productivity and mentoring of people?

The training shows you how to reduce risks and maximise opportunities inherent in any multi-cultural organisation.

Would you like to improve your effectiveness in reducing inappropriate behaviour and bring about sustainable outcomes?

The training offers some introductory teaching and practice of vital skills you require to **effectively** intervene and shift people’s attitudes for the long-term.

About NCBI

NCBI has been delivering these workshops for over 25 years. We have trained over 10,000 people nationally – managers, community leaders, young people and have won several awards including Best Practice Awards and the Nelson Mandela award for our effective training models.

Participants commented:

“As an experienced equalities trainer this workshop gave me new insights into working with diversity” “Enjoyed the interaction and the sharing of experiences”. “I now know how to handle my work situation better”. “I am now not afraid to speak my mind and be wrong. I want to get beyond the negative thoughts to find the good”

NCBI London also facilitates other courses including a 3-day leadership programme. See our website, www.ncbi.org.uk or contact us regarding in-house development, bespoke assessment and programming for your organisation ncbilondon@ncbi.org.uk
